

PUBLIC NOTICE

Call for allocation of a Scientist Scholarship

Reference: BII/FhP-25/13

The call for allocation of a *Research Integration Grant* for a Student attending a Master's degree is open and subject to the following conditions:

1. **General scientific field:** Engineering.
2. **Specific scientific field:** Informatics and Computing Engineering or Electrical and Computer Engineering.
3. **Admission Requirements:** i) Student attending an academic Master's degree in the field mentioned above; ii) Knowledge on C/C++ and Python. Knowledge in Go is an added value; iii) Some experience or interest in Kubernetes and IoT orchestration; iv) Proficiency in English and excellent communication skills and teamwork.
4. **Work Plan:** The Student will perform research activities within the Connected Things (Cyber-physical systems) group on edge & cloud computing topics. The student will have the chance to be part of the development of an IoT ecosystem to orchestrate IoT deployments. The ecosystem comprises an innovative orchestration framework – FITA – that addresses the automated IoT node provisioning and management through Cloud orchestration. The objective of the internship is to build a captivating demonstrator that show cases to experts and non-experts the technological advancements and the real world added value provided by FITA.
 - 4.1. **Tasks:**
 - Familiarisation with FITA and IoT orchestration.
 - Exploring current demonstrators and assess if and how they can be improved.
 - Propose a new demonstration that can be easily transported to fairs and conferences.
 - Implement the demonstrator, which might be composed of hardware (the physical objects that will be use for showcasing FITA) and software components.
 - Install demonstrator at Fraunhofer and show case it to CT team.
5. **Applicable law and regulation:** Portuguese Statute of the Scientific Research Scholarship Holder [*"Estatuto do Bolseiro de Investigação Científica"*], approved by Law no. 40/2004, of August 18, amended by Decree-Law no. 202/2012, of August 27, Law no. 12/2013, of January 29, Decree Law no. 89/2013, of July 9 (hereinafter referred to as the "Statute"), Law no. 123/2019, of August 28 and the Research Scholarships' Regulation of Associação Fraunhofer Portugal Research (hereinafter referred to as the "Regulation").

6. **Place of work:** Fraunhofer Portugal AICOS, Porto, Portugal, under the scientific supervision of MSc. João Oliveira.
7. **Scholarship's Duration and Regime:** The scholarship shall have a duration of 3 months, eventually renewable for equal periods of time or until the term of the project, with an estimated starting date on October 2025, according to article 13 of the Regulation and article 3 of the Statute, under exclusivity regime, except for the exceptions expressly set out in nos. 3 and 4 of article 5 of the referred Statute.

8. **Amount of the monthly maintenance allowance:** The amount of the scholarship corresponds to €651,12 as per table of amounts of the scholarships of Associação Fraunhofer Portugal Research (https://www.fraunhofer.pt/content/dam/portugal/fhp/careers/grants/regulamento_bolsas.pdf). The payment of the scholarship shall be made on a monthly basis by wire transfer.
9. **Selection Procedures:** The selection procedures to be used shall be made based on the following parameters:
A – Current average in the Master's degree; B – Alignment of academic choices with the work to perform; C – Curriculum evaluation in accordance with the objectives of the project. The following percentage weighting shall be given to the selection parameters: $0,2 \times A + 0,3 \times B + 0,5 \times C$.
10. **Composition of the selection panel:** Chairman: Doctor Filipe Miguel Monteiro da Silva e Sousa; Permanent Members: Doctor Waldir Aranha Moreira Júnior and Doctor Francisco Maria Cruz Nunes.
11. **Publication/notification of the results:** The final evaluation results shall be published in a list ordered by the final score and posted in a visible and public place at Fraunhofer, Portugal. The approved applicant shall be notified by email.
12. **The opening period of the call:** The call is open from 10-09-2025 to 23-09-2025.
13. **Documents and deadlines for application:** Applications must be submitted by means of an application email with the following documents: *Curriculum Vitae*, required qualifications certificate, and other evidencing documents deemed relevant.

Applications should be delivered during the call's opening period, sent by email with acknowledgment receipt to jobs@fraunhofer.pt, in *pdf* format, by 11:59 p.m. September the 23rd 2025.
